

Administrative Guidelines

Definitions

For the purpose of these Administrative Guidelines, the following definitions apply:

Administrative Guidelines

- the child's name
- medication expiry date

In an _____, all prescribed medications except Ventolin and asthmatic type inhalers, must be given immediately to a staff member to ensure its safe storage and limited access in a central location.

In a _____, prescribed medication is recommended to be carried by the student for easy access (e.g. Epi Pens in backpacks, not lockers).
